THE CANADA LIFE

Continues year after year
to excel its own best pre-
vious records in that most
important item, the earning
of surplus.

A management both com-
petent and careful, with a
wise investment of funds,
has enabled this Company
through profits to double
some of its older policies.

Endowment Insurance at Ordinary Life Rates

The Imperial Accelerative Endowment Policy is a combination of all that is best in life insurance.

Premiums payable under this contract are only slightly higher than the Ordinary Whole Life rates, and one does not have to "Die to Win," because, under any circumstances, the face value of the policy is payable to the assured himself not later than at age 75.

All the usual options of dealing with the profits at the end of each five year period are provided. In addition, two special options are granted under which the profits may be used, to reduce the number of premiums payable, or to hasten the maturity of the policy as an Endowment.

An accelerative Endowment will ensure your own independence in old age, if you live; the independence of your family if you die.

Write now for our booklet which explains in detail the distinctive features of this most desirable policy.

PLAYER-PIANO

Our Trade Mark "Human Touch" is not an empty phrase, but a name given our instrument because it reproduces that same delicate carressing effect of the natural fingers on the keys, which is the result of using a special patented device. The instrument will also automatically bring out the melody of a selection and subdue the accompaniment at the same time. Let us demonstrate it for you. We are also General Representatives of the STEINWAY PIANOS.

China Cataloguing and Repairing

¶ Many collectors of china often desire to have their collections catalogued and any necessary repairs made by an expert.

¶ With this in view, we have brought from England a connoisseur whose experience gives him that subtle touch, which enables him to prove the genuine piece from the reproduction, and whose secret process of repairing, ensures a break in the most delicate piece being mended in a manner almost indiscernible.

Which Gown Do You Admire Most ?

Between selections you find attractions in the lovely women wearing handsome gowns. But where does the loveliness really come in? *How much does the woman contribute? How much the gown and general effect?* Work it out through your glasses.

When you're done you'll perhaps have reached a certain decision regarding your own dressing. *To carry it out, come to us.*

We realize the necessity of having the gown suit you, interpret your best. *The subtle lines, the gleaming rhinestones, the floating, filmy tulle* shall be adapted to you exquisitely. Perhaps you'll be surprised at the ease with which you can attain your purpose here.

Our Salons are filled with the loveliest things, gowns of brocade, crepe, matchless laces, silk velvets, charmeuse. We feature the new tints of *apricot, peach-blow, carrot and tango*, not to mention the *fascinating novelties in yellow*. Get away from the commonplace in shades and outlines, and make your selection from our exclusive, unduplicated offerings.

The Case of this Piano reflects in very perfect manner the style that prevailed in the reign of Louis XV. in the seventeenth century. The lines and scrolls are very artistic, with something graceful in every touch—marking the peculiar art finish that is familiar to the rococo period.
